

2018 RIVER WATCH TEAM CHALLENGE

#RIVERWATCH18

RIVER WATCH IN ACTION!

- Create and implement a unique service learning project in your watershed
 - Must connect broadly to water stewardship
- Craft a project proposal which includes:
 1. Clear project description
 2. Benefits the project will provide a local waterway
 3. A plan of action to ensure it is completed

RIVER WATCH IN ACTION!

- Identify a project partner which may support and enhance your plan of action
 - Present the project proposal to this group (must be in video)
 - Projects should be implemented during the 2017-2018 school year
- Report on your project in video format – no poster

DELIVERABLES

- Two (2) submissions are required for judging:
 - Project proposal
 - **3-5 minute video** detailing the need for your service project and how it was/will be implemented
- Rubric used by judges to evaluate videos and project proposals
- September 29, 2017: Outline of project proposal due
- December 20, 2017: Draft of project proposal and video due
- January 22, 2018: Final Project Proposal and Video due
- February 7, 2018: River Watch Forum at the Alerus Center Grand Forks, ND
