

How To Create Your GIS Account

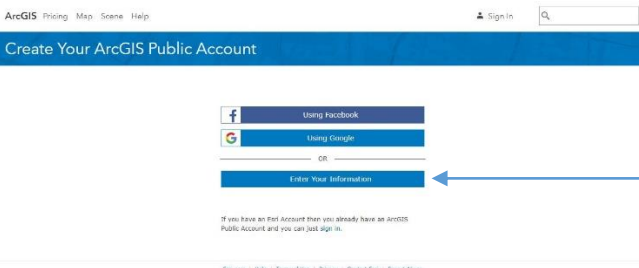

Search ArcGIS online.
Press the “sign in” button on the top right corner

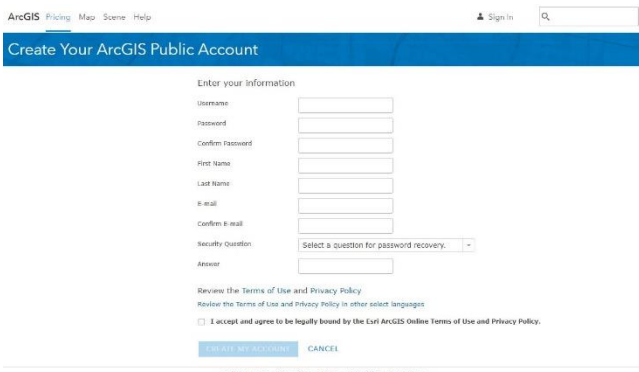

After pressing the “sign in” button you will be directed to <https://www.arcgis.com/home/signin.html>

Once reaching this page, select “Create a Public Account”

Select “Enter Your Information” – this option will allow you to use your email address to make an account. The best option would be to use the same email on your river.watch log in.

Enter your information, accept terms, and create your account!
