Larimore Riverwatch's Watershed Extravaganza

February 5, 2020

1:30 p.m. – 3:00 p.m.

Who?

Larimore
High School

Riverwatch Team

- A group of high school students concerned about the Turtle River and how it affects our daily lives.

What?

Fun Activities for 3rd Graders

- Precipitation:
Candy Walk
- Beginning of the Watershed:
Gravity Table
- End of the Watershed:
Wheel of Fortune
- Tributary:
Minnow Races
- Animals in the River:
Fishpond
- Review:
Duck Pond

Why?

3rd Grade

Watershed Objectives

Students will learn

- The different types of precipitation.
- How precipitation becomes part of a watershed.
- How water travels through the Red River Watershed.
- Why the Larimore Dam was built.

3rd graders need an active and fun learning environment.
