

# Journey into the Great Unknown

A watershed education program for second graders

Initial surveys indicated students had minimal knowledge of our watershed...

**28%**

**\*Growth\***

indicated by the post student survey!

## ITINERARY:

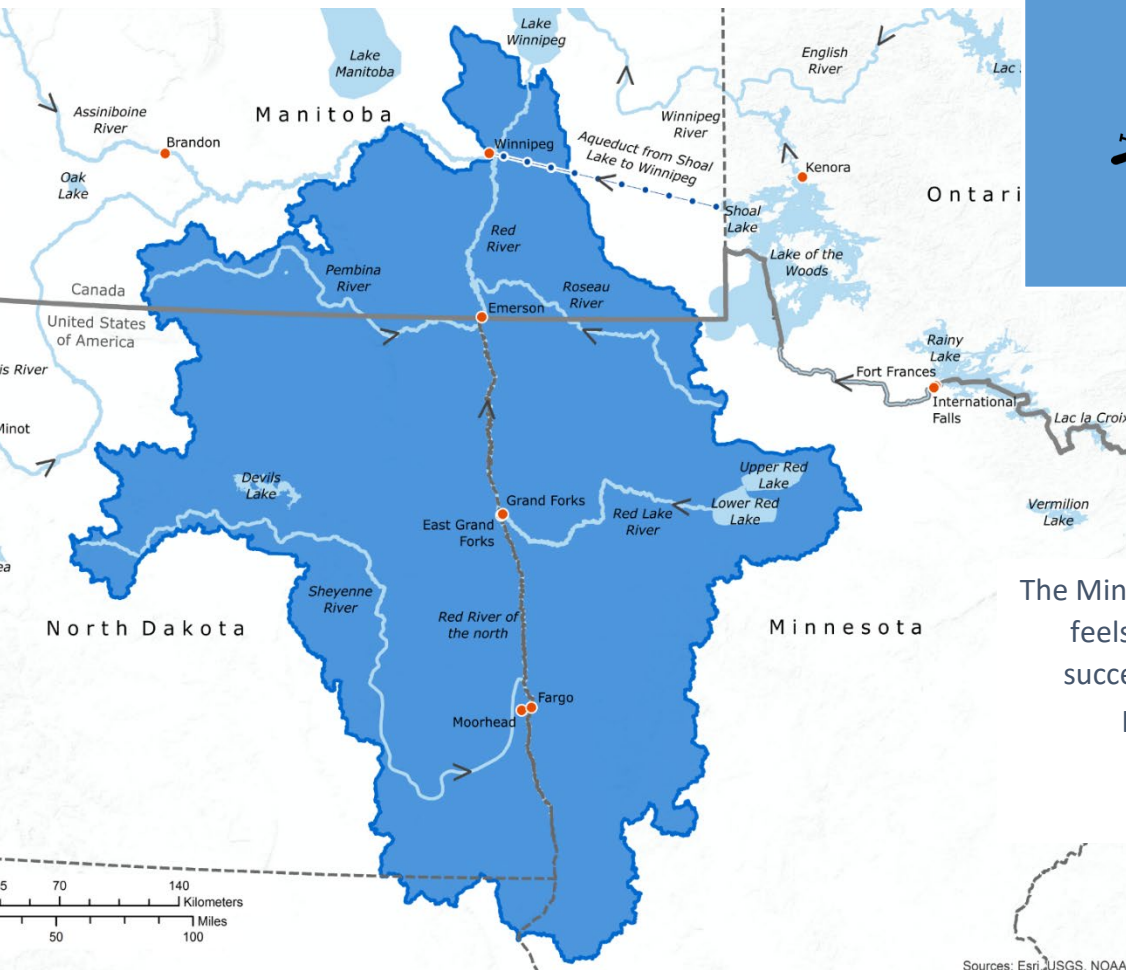

Recognizing our location in the Red River basin

Identifying the origin of the water in the Forest River watershed

Discovering features of rivers

The Minto River Watch Team of 2020 feels our journey is extremely successful in meeting all of the program's objectives!
